### **CLARIFY MEAT AND SEAFOOD PROCESSING GRANT PROGRAM**

**SECTION 4.2.** Section 10.7 of S.L. 2021-180 reads as rewritten:

**"SECTION 10.7.(a)** Findings. – The General Assembly finds that the COVID-19 pandemic of 2020-2021 resulted in serious and substantial impacts on the food supply chain and revealed

bottlenecks and lack of capacity among the small and independent meat processors and producers of further processed meat products who serve small livestock producers. These bottlenecks and lack of capacity have a substantial negative impact on the ability of these small livestock producers to have their livestock slaughtered and processed. In addition, seafood processors lack capacity to meet increased and altered consumer demand for seafood products due to supply chain disruptions and other long-term changes in the market for seafood and seafood products. The General Assembly further finds that financial assistance to these processors for expansion, facility improvements, and workforce development is necessary to reduce disruptions in the supply chain for fresh meat and seafood and to help small producers get their products to market.

  - c. Planning grant. – This grant is available to a nonprofit entity or institution of higher education to complete feasibility or siting studies for a new eligible meat processing facility. ~~No more than five percent (5%) of funds allocated by this section may be used for grants under this sub-subdivision.~~
