A BILL TO BE ENTITLED

AN ACT TO ESTABLISH THE CHILD CARE WORKFORCE ACADEMY PILOT PROGRAM AND TO APPROPRIATE FUNDS FOR THAT PURPOSE.

The General Assembly of North Carolina enacts:

SECTION 1. The North Carolina Partnership for Children, Inc., in collaboration with the North Carolina Community Colleges System Office, shall develop and implement a two-year pilot program that expands the child care workforce academies currently operating in Johnston and Wayne Counties. The pilot program shall establish child care workforce academies across the State designed to provide free, comprehensive training and support to individuals, with no experience or education in child care, who are interested in pursuing a career in child care.

SECTION 2. Local partnerships in the following counties shall participate in the pilot program described under this act: Johnston and Wayne. The North Carolina Partnership for Children, Inc. (NCPC), in collaboration with the Community Colleges System Office, shall select 10 additional local partnerships to participate in the pilot program from the four local partnership regions of the statewide NCPC network, which regions are the West, Mid-West, Mid-East, and East.

SECTION 3. The Community Colleges System Office and local community colleges shall coordinate to ensure that graduates of the child care workforce academies meet all requirements to be credentialed with the North Carolina Early Childhood Credential as lead teachers in child care in this State.

SECTION 4. Each child care workforce academy (academy) shall seek to enroll no less than 10 students, with a goal of enrolling 15 students in each course. The academy shall operate up to eight hours per day over a two- to three-week period. A participating community college shall strive to offer an academy up to three times per year, with at least one of the three academies occurring at the end of the traditional public school calendar year to allow participation by interested high school and college students. The academy shall be offered free-of-charge to applicants. Students participating in the academy shall receive the knowledge, skills, and training, including the necessary health screenings, background checks, and fingerprinting, required for employment as a lead teacher in a licensed child care program in this State. Upon successful completion of the academy, each student shall receive a North Carolina Early Childhood Credential that will enable the student to begin teaching in a licensed child care program immediately upon graduation. A local partnership may provide each graduate with a one-time stipend. If a one-time stipend for completing the course is provided, the amount shall be at the discretion of the local partnership but shall not be less than one hundred fifty dollars (\$150.00). Students shall be eligible to receive an additional one-time stipend in the amount of

1 five hundred dollars (\$500.00) in State funds after completing one year of employment as a lead
2 teacher in a licensed child care program in this State.

3 **SECTION 5.** The North Carolina Partnership for Children, Inc., and local
4 partnerships shall (i) collaborate with the community college in the county or counties in which
