44           is younger than 14 years of age from entering into a contract with the platform to become an  
45           account holder and shall do all of the following:

- 46           (1)     Terminate any account held by a minor under 14 years of age upon 30 days'  
47           notice to the account holder. Termination must be effective upon the  
48           expiration of the 30 days if the account holder fails to effectively dispute the  
49           termination.

1           (2) Permanently delete all personal information held by the social media platform  
2           relating to the terminated account, unless there are legal requirements to  
3           maintain the information.

4           (b) Minors 14 or 15 Years of Age. – A social media platform shall prohibit a minor who  
5 is 14 or 15 years of age from entering into a contract with the platform to become an account

7 holder and shall do all of the following:

8           (1) Terminate any account held by an account holder who is 14 or 15 years of age

11           provide 30 days for an account holder to dispute the termination.

12           (2) Allow the parent or guardian of an account holder who is 14 or 15 years of

14           effective within 10 business days after the request.

15           (3) Permanently delete all personal information held by the social media platform  
16           relating to the terminated account unless there are legal requirements to  
17           maintain the information.

18           (c) Violations. – If the Department has reason to believe that a social media platform is  
19 in violation of this section, the Department, as the enforcing entity, may bring an action against  
20 the platform for an unfair or deceptive act or practice.

21           Any knowing or reckless violation of this section is deemed an unfair and deceptive trade  
22 practice actionable under Chapter 75 of the General Statutes actionable solely by the Department  
23 against a social media platform.

24           In addition to other remedies allowed by law, the Department may collect a civil penalty of  
25 up to fifty thousand dollars (\$50,000) per violation and reasonable attorneys' fees and court costs.  
26 When the social media platform's failure to comply with this section is a consistent pattern of  
27 knowing or reckless conduct, punitive damages may be assessed against the platform.

28           A social media platform that knowingly or recklessly violates this section is liable to the  
29 minor account holder, including court costs and reasonable attorneys' fees. Claimants may be  
30 awarded up to ten thousand dollars (\$10,000) in damages. Any action brought under this  
31 paragraph may only be brought on behalf of a minor account holder. A civil action for a claim  
32 under this paragraph must be brought within one year from the date the complainant knew, or  
33 reasonably should have known, of the alleged violation.

34           If a social media platform allows an account holder to use the social media platform, the  
35 parties have entered into a contract.

36           This section does not preclude any other available remedy at law or in equity.

37           For purposes of bringing an action under this section, a social media platform that allows a  
38 minor to create an account on the platform is considered to be both engaged in substantial and  
39 not isolated activities within this State and operating, conducting, engaging in, or carrying on a  
40 business and doing business in this State, and is therefore subject to the jurisdiction of the courts  
41 of this State.

42           (d) Enforcement. – If, by its own inquiry or as a result of complaints, the Department has  
43 reason to believe that an entity or person has engaged in, or is engaging in, an act or practice that  
44 violates this section, the Department may administer oaths and affirmations, subpoena witnesses  
45 or matter, and collect evidence. Within five days, excluding weekends and legal holidays, after  
46 the service of a subpoena or at any time before the return date specified therein, whichever is  
47 longer, the party served may file in the superior court in the county in which it resides or in which  
48 it transacts business and serve upon the enforcing authority a petition for an order modifying or  
49 setting aside the subpoena. The petitioner may raise any objection or privilege which would be  
50 available upon service of such subpoena in a civil action. The subpoena shall inform the party  
51 served of its rights under this subsection.

1 If the matter that the Department seeks to obtain by subpoena is located outside the State, the  
2 entity or person subpoenaed may make it available to the Department or its representative to  
3 examine the matter at the place where it is located. The Department may designate  
4 representatives, including officials of the state in which the matter is located, to inspect the matter  
5 on its behalf, and may respond to similar requests from officials of other states.

6 Upon failure of an entity or person without lawful excuse to obey a subpoena and upon  
7 reasonable notice to all persons affected, the Department may apply to the superior court for an  
8 order compelling compliance.

9 The Department may request that an entity or person that refuses to comply with a subpoena  
10 on the ground that testimony or matter may incriminate the entity or person be ordered by the  
11 court to provide the testimony or matter. Except in a prosecution for perjury, an entity or  
12 individual that complies with a court order to provide testimony or matter after asserting a valid  
13 privilege against self-incrimination shall not have the testimony or matter so provided, or  
14 evidence derived therefrom, received against the entity or person in any criminal investigation or  
15 proceeding.

16 Any entity or person upon whom a subpoena is served pursuant to this subsection shall  
17 comply with the terms thereof unless otherwise provided by order of the court.

18 Any entity or person that fails to appear with the intent to avoid, evade, or prevent compliance  
19 in whole or in part with any investigation under this Chapter or who removes from any place,  
20 conceals, withholds, mutilates, alters, or destroys, or by any other means falsifies any  
21 documentary material in the possession, custody, or control of any entity or person subject to any  
22 such subpoena, or knowingly conceals any relevant information with the intent to avoid, evade,  
23 or prevent compliance shall be liable for a civil penalty of not more than five thousand dollars  
24 (\$5,000) per week in violation, reasonable attorneys' fees, and costs.

25 (e) Rules. – The Department may adopt rules to implement this Chapter.

26 (f) Civil Penalties. – The clear proceeds of civil penalties provided for in this section  
27 shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

28 **"§ 114B-3. Age verification for social media platforms.**

29 (a) A social media platform must use either anonymous age verification or standard age  
30 verification to verify that an account holder is 16 years of age or older and, except as provided in  
31 G.S. 114B-2(b), prevent creation of an account by a person younger than 16 years of age. The  
32 social media platform must offer anonymous age verification and standard age verification, and  
33 a person attempting to create an account may select which method will be used to verify the  
34 person's age.

35 (b) A social media platform must ensure that the requirements of subsection (c) of this  
36 section are met.

37 (c) A third party conducting anonymous age verification pursuant to this section must  
38 comply with all of the following:

39 (1) Shall not retain personal identifying information used to verify age once the  
40 age of an account holder or a person seeking an account has been verified.

41 (2) Shall not use personal identifying information used to verify age for any other  
42 purpose.

43 (3) Must keep anonymous any personal identifying information used to verify  
44 age. The information may not be shared or otherwise communicated to any  
45 person.

46 (4) Must protect personal identifying information used to verify age from  
47 unauthorized or illegal access, destruction, use, modification, or disclosure  
48 through reasonable security procedures and practices appropriate to the nature  
49 of the personal information.

1       (d)     Any violation of subsection (a) or (b) of this section is deemed an unfair and deceptive  
2 trade practice actionable under Chapter 75 of the General Statutes solely by the Department on  
3 behalf of a resident minor against a social media platform.

4       If the Department has reason to believe that a social media platform is in violation, the  
5 Department may bring an action against the social media platform for an unfair or deceptive act  
6 or practice under Chapter 75 of the General Statutes. In addition to other remedies allowed by  
7 law, the Department may collect a civil penalty of up to fifty thousand dollars (\$50,000) per  
8 violation and reasonable attorneys' fees and court costs.

9       When the social media platform's failure to comply with subsection (a) or (b) of this section  
10 is a consistent pattern of knowing or reckless conduct, punitive damages may be assessed against  
11 the social media platform.

12 **"§ 114B-4. Miscellaneous provisions.**

13       (a)     It is the intent of the General Assembly that this Chapter be liberally construed for the  
14 protection of minors.

15       (b)     If any provision of this Chapter or its application to any person or circumstances is  
16 held invalid, the invalidity does not affect other provisions or applications of this Chapter which  
17 can be given effect without the invalid provision or application and, to this end, the provisions of  
18 this Chapter are severable."

19             **SECTION 2.** This act becomes effective October 1, 2025.
