- (3) Manner of sale; expenses. – Subject to the consent of the Council of State, the State Treasurer shall determine the manner in which bonds or notes shall be offered for sale, whether at public or private sale, whether within or without the United States of America, and whether by publishing notices in certain newspapers and financial journals, mailing notices, inviting bids by correspondence, negotiating contracts of purchase, or otherwise, and the State Treasurer is authorized to sell bonds or notes at one time or from time to time at such rate or rates of interest, which may vary from time to time, and at such price or prices, including a price less than the face amount of the bonds or the notes, as the State Treasurer may determine. 4. For the purposes authorized in this section.

5. For refunding bonds or notes as herein authorized.

b. Funds derived from the sale of bonds or notes may be used in the payment of any bond anticipation notes issued under this section. Funds provided by the General Assembly for the payment of interest on or principal of bonds shall be used in paying the interest on or principal of any notes and any renewals thereof, the proceeds of which shall have been used in paying interest on or principal of the bonds.

(5) Refunding bonds and notes. – By and with the consent of the Council of State, the State Treasurer is authorized to issue and sell refunding bonds and notes pursuant to the provisions of the State Refunding Bond Act for the purpose of refunding bonds or notes issued pursuant to this section. (6) Tax exemption. – Bonds and notes shall be exempt from all State, county, and municipal taxation or assessment, direct or indirect, general or special, whether imposed for the purpose of general revenue or otherwise, excluding inheritance and gift taxes, income taxes on the gain from the transfer of bonds and notes, and franchise taxes. The interest on bonds and notes shall not be subject to taxation as to income.

(7) Investment eligibility. – Bonds and notes are hereby made securities in which all public officers, agencies, and public bodies of the State and its political subdivisions; all insurance companies, trust companies, investment companies, banks, savings banks, savings and loan associations, credit unions, pension or retirement funds, and other financial institutions engaged in business in the State; and executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Bonds and notes are hereby made securities that may properly and legally be deposited with and received by any officer or agency of the State or political subdivision of the State for any purpose for which the deposit of bonds, notes, or obligations of the State or any political subdivision of the State is now or may hereafter be authorized by law.

(8) Faith and credit. – The faith and credit and taxing power of the State are hereby pledged for the payment of the principal of and the interest on bonds and notes. - (1) Be made payable from time to time on demand or tender for purchase by the owner thereof, provided a credit facility agreement supports the bonds or notes, unless the State Treasurer specifically determines that a credit facility agreement is not required, upon a finding and determination by the State Treasurer, that the absence of a credit facility agreement will not materially or adversely affect the financial position of the State and the marketing of the bonds or notes at a reasonable interest cost to the State;
- (2) Be additionally supported by a credit facility agreement;
- (3) Be made subject to redemption or a mandatory tender for purchase prior to maturity;
- (4) Bear interest at a rate or rates that may vary for such period or periods of time, all as may be provided in the proceedings providing for the issuance of the bonds or notes, including, without limitation, such variations as may be permitted pursuant to a par formula; and
- (5) Be made the subject of a remarketing agreement whereby an attempt is made to remarket bonds or notes to new purchasers prior to their presentment for payment to the provider of the credit facility agreement or to the State.

If the aggregate principal amount repayable by the State under a credit facility agreement is in excess of the aggregate principal amount of bonds or notes secured by the credit facility agreement, whether as a result of the inclusion in the credit facility agreement of a provision for the payment of interest for a limited period of time or the payment of a redemption premium or for any other reason, then the amount of authorized but unissued bonds or notes during the term of such credit facility agreement shall not be less than the amount of such excess, unless the payment of such excess is otherwise provided for by agreement of the State executed by the State Treasurer.

SECTION 12.4.(k) Interpretation of Section. –

- (1) Additional method. – The foregoing subsections of this section shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws and shall not be regarded as in derogation of any powers now existing.
- (2) Statutory references. – References in this section to specific sections or Chapters of the General Statutes or to specific acts are intended to be references to these sections, Chapters, or acts as they may be amended from time to time by the General Assembly.
- (3) Broad construction. – The General Assembly specifically has chosen to combine what otherwise might be considered differing projects to be financed into one bond bill and bond question because the General Assembly finds that such differing projects, when taken together, constitute an interrelated, united, and single plan for the State's infrastructure as stated aforesaid. Accordingly, this section, being necessary for the health, welfare, and advancement of the people of the State, shall be broadly construed to affect the purposes thereof.

(4) Inconsistent provisions. – Insofar as the provisions of this section are inconsistent with the provisions of any general laws, or parts thereof, the provisions of this section shall be controlling.

(5) Severability. – If any provision of this section or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the section that can be given effect without the invalid provision or application, and to this end, the provisions of this section are declared to be severable.

SECTION 12.4.(l) Report. – Each entity receiving the proceeds of public improvement bonds and notes, including premium thereon, if any, issued pursuant to and for projects listed in subsections (a) through (k) of this section shall report by January 1, 2027, and quarterly thereafter, to the State Water Infrastructure Authority, and the Authority shall combine the reports and submit them to the Joint Legislative Oversight Committee on Capital Improvements, the House of Representatives Appropriations Committee, and the Senate Committee on Appropriations/Base Budget.
