PHYSICIAN ASSISTANT INTERSTATE LICENSURE COMPACT 29 **SECTION 4.(a)** Chapter 90 of the General Statutes is amended by adding a new 30 Article to read: 31 "Article 18J. 32 "PA Licensure Compact. 33 "§ 90-270.200. Purpose. 34 In order to strengthen access to Medical Services, and in recognition of the advances in the 35 delivery of Medical Services, the Participating States of the PA Licensure Compact have allied 36 in common purpose to develop a comprehensive process that complements the existing authority of State Licensing Boards to license and discipline PAs and seeks to enhance the portability of 37 License to practice as a PA while safeguarding the safety of patients. This Compact allows 38 39 Medical Services to be provided by PAs, via the mutual recognition of the Licensee's Qualifying 40 License by other Compact Participating States. This Compact also adopts the prevailing standard for PA licensure and affirms that the practice and delivery of Medical Services by the PA occurs 41 42 where the patient is located at the time of the patient encounter, and therefore requires the PA to 43 be under the jurisdiction of the State Licensing Board where the patient is located. State Licensing Boards that participate in this Compact retain the jurisdiction to impose Adverse Action against 44 a Compact Privilege in that State issued to a PA through the procedures of this Compact. The PA 45 Licensure Compact will alleviate burdens for military families by allowing active duty military 46 personnel and their spouses to obtain a Compact Privilege based on having an unrestricted 47 48 License in good standing from a Participating State.
