

2015-2016 General Assembly

# HOUSE BILL 765: Regulatory Reform Act of 2015, Sec. 4.14A: Clarify Certification Requirements for Plumbing Contractors Who Install or Repair Grease Traps

**Committee:**  
**Introduced by:**  
**Analysis of:** Sec. 4.14A of S.L. 2015-286

**Date:**  
**Prepared by:** Jennifer Mundt  
Legislative Analyst

*SUMMARY: Sec. 4.14A of S.L. 2015-286 clarifies the exemption from the requirements for certification under the On-Site Wastewater Contractors and Inspectors statutes for licensed plumbing contractors. Specifically, this clarification provides that a plumbing contractor need not be a certified on-site wastewater contractor in order to install or repair a grease trap, interceptor, or separator upstream from a septic tank or similar depository that complies with the requirements of the local health department.*

*This section became effective October 22, 2015.*
