SENATE BILL 238: Stalking by GPS/Criminal Offense

2015-2016 General Assembly

Committee:	House Judiciary II	Date:	July 28, 2015
Introduced by:	Sens. Stein, Hartsell	Prepared by:	Susan Sitze
Analysis of:	PCS to Fourth Edition S238-CSSA-88		Committee Counsel

SUMMARY: Senate Bill 238 would provide that a person commits the offense of cyberstalking if the person knowingly installs or places a tracking device without consent and uses the device to track an individual's location.

[As introduced, this bill was identical to H187, as introduced by Reps. Glazier, Horn, Faircloth, McGrady, which is currently in House Judiciary II.]

CURRENT LAW: Cyberstalking is punishable as a Class 2 misdemeanor and includes any of the following:

- Use in electronic mail or electronic communication language threatening to inflict bodily harm to any person or to that person's child, sibling, spouse, or dependent, or physical injury to the property of any person, or for the purpose of extorting money or things of value from any person.
- Electronically mail or electronically communicate to another repeatedly, whether or not conversation ensues, for the purpose of abusing, annoying, threatening, terrifying, harassing, or embarrassing any person.
- Electronically mail or electronically communicate to another and to knowingly make any false statement concerning death, injury, illness, disfigurement, indecent conduct, or criminal conduct of the person or of any member of the person's family or household with the intent to abuse, annoy, threaten, terrify, harass, or embarrass.
- Knowingly permit an electronic communication device under the person's control to be used for any purpose prohibited by this section.

Any offense under this section may be deemed to have been committed where the electronic mail or electronic communication was originally sent, originally received in this State, or first viewed by any person in this State. These provisions do not impair any constitutionally protected activity, including speech, protest, or assembly.

Cyberstalking is punishable as a Class 2 misdemeanor.

BILL ANALYSIS:

Section 1 of Senate Bill 238 would also make it cyberstalking to do the following: "Knowingly install or place an electronic tracking device without consent, or to cause an electronic tracking device to be installed without consent, and use the device to track the location of any person."

It would not constitute cyberstalking for any of the following persons to install, place, or use an electronic tracking device:
