

**SENATE BILL 694:**  
**Reegan's Rule/Enforce Pharmacy Benefits**  
**Management, Sec. 1: Diabetes Education**

2015-2016 General Assembly

**Committee:**  
**Introduced by:**  
**Analysis of:** Sec. 1 of S.L. 2015-273

**Date:**  
**Prepared by:** Theresa Matula  
Legislative Analyst

**SUMMARY:** *Sec. 1 of S.L. 2015-273 adds a new public health chronic disease law to encourage physicians, physician assistants, and certified nurse practitioners to inform parents of Type I diabetes warning signs and symptoms during well-child care visits.*

*This section became effective December 1, 2015.*

*[The sections of this act that pertain to pharmacy benefits management are summarized in the INSURANCE chapter.]*

**BILL ANALYSIS:**

Section 1 of S.L. 2015-273 amends the public health law on chronic disease to add G.S. 130A-221.5, encouraging diabetes education as part of well-child care. This section of the act encourages physicians, physician assistants, and certified nurse practitioners who provide well-child care to educate and discuss the warning signs and symptoms of Type I diabetes with each child's parent at least once at the following age intervals: birth; twelve months, twenty-four months, thirty-six months, forty-eight months, and sixty months.

Information on Section 2 of this act regarding pharmacy benefits management is provided in a separate summary.

**EFFECTIVE DATE:** This section of the act becomes effective December 1, 2015.
