

HOUSE BILL 629: Amend Funeral Procession Law.

2017-2018 General Assembly

Committee:	House Finance	Date:	June 21, 2017
Introduced by:	Reps. Alexander, Hunter, Boles	Prepared by:	Greg Roney Committee Counsel
Analysis of:	First Edition		

OVERVIEW: *House Bill 629 would modify State law regulating funeral processions. House Bill 629 authorizes a \$100 one-time registration fee for vehicles that will be used by a funeral establishment as a lead vehicle in a funeral procession.*

CURRENT LAW: Current law on funeral processions provides that:

- Vehicles in funeral processions must use headlamps, and hazard lights, if available.
- The operator of the lead vehicle in a funeral procession must comply with traffic control signals, or the direction of the funeral director or a law enforcement officer.
- An entire funeral procession may proceed through an intersection without stopping, if the lead vehicle entered the intersection in compliance with the signal or direction of law enforcement, *except that* operators of vehicles in the procession must still exercise reasonable care towards others on the highway.

BILL ANALYSIS: House Bill 629 would change the law on funeral processions as follows:

- Applies the definitions of "funeral director" and "funeral establishment" found in G.S. 90-210.20(g) & (h), part of the Board of Funeral Service licensing statutes to the funeral procession statute.
- Provides that a funeral procession has the right-of-way at intersections regardless of traffic control signs or signals, except for emergency or law enforcement vehicles, or unless directed otherwise by law enforcement.
- Provides that a funeral establishment must register with DMV in order to use its own lead vehicle, for a one-time fee of \$100.00, credited to the Highway Fund. A violation of this requirement would be an infraction punishable by a fine of \$250.00. Violation of this provision would not constitute negligence per se.
- Eliminates prior law allowing local government funeral procession ordinances to supersede State law.
- Protects a funeral director, funeral establishment, or any of its employees or agents from liability for death, personal injury, or property damage related to action or inaction of an operator of a vehicle in a funeral procession if:
 - Funeral procession was operating in accordance with the funeral procession law.
 - Funeral procession would have been operating in accordance with the funeral procession law but for a negligent act or omission by the operator of a vehicle in the funeral
