

SENATE BILL 343: Increase Teacher Supplement/Electronic Notice.

2017-2018 General Assembly

Committee:	Senate Rules and Operations of the Senate	Date:	April 20, 2017
Introduced by:	Sens. Wade, Meredith, Bishop	Prepared by:	Erika Churchill, Cindy Avrette and Nicholas Giddings
Analysis of:	First Edition		Committee Co-Counsel

OVERVIEW: *Senate Bill 343 does all of the following:*

- *Limits the amount that newspapers can charge a governmental entity for the second or subsequent publication of a legal notice that is required to be published more than once where the governmental entity does not recoup the cost of publication from a private party.*
- *Changes the requirements that a newspaper must meet for a required publication, legal notice, or advertisement to have full force and effect.*
- *Requires each legal notice to be placed on the newspaper's Web site on the same day it appears in the printed newspaper and requires that access be provided at no charge to such notices.*
- *Requires newspapers to provide, to anyone requesting it, notification by electronic mail the first time that each legal notice within a series is published in the newspaper.*
- *Provides that if there is an error in placing a governmental entity's notice on a newspaper's Web site, the requirement of proper legal notice will be deemed met if the governmental entity places the notice on its own Web site.*
- *Allows for any notice permitted or required by law to be published on a county, city, or local government board of elections Web site, if the publication pertains to that county, city or board of elections, rather than in a newspaper, if an ordinance allowing such publication has been adopted.*
- *Authorizes counties, cities, and county boards of elections to adopt an ordinance opting to give electronic notice for any matter in which that city or county is required to publish notice in a newspaper.*

[As introduced, this bill was identical to H432, as introduced by Reps. McGrady, Brawley, Blust, which is currently in House State and Local Government II.]

CURRENT LAW: G.S. 1-596 regulates the charges for legal advertising required by law to be published in newspapers in North Carolina. G.S. 1-597 sets forth requirements applicable to legal notices required to be published in newspapers of general circulation.

Governing boards of counties and cities are required by statute, and sometimes local act, to publish notice or advertise prior to taking certain actions. Local boards of elections are statutorily required to

Senate Bill 343

Page 2

publish certain notices prior to elections in newspapers of general circulation of the county. Some of the items that require notice or advertisement are:

- Notice of public meetings. Article 33B of Chapter 143.
- Various public hearings statutorily required prior to the county or city taking action or adopting certain ordinances, such as zoning ordinances. Often, the statute requiring the public hearing will specify how notice of the public hearing is to be given, usually publication in a newspaper of general circulation within a specified timeframe of the public hearing.
- Budget ordinance. Chapter 159.
- Sale and disposition of property. Article 12 of Chapter 160A.
- Purchase and contract bids. Article 8 of Chapter 143.
- Changes in form of government. Article 4 of Chapter 153A and Article 5 of Chapter 160A.
- Assessments. Article 9 of Chapter 153A and Article 10 of Chapter 160A.
- Boundary disputes. Article 1 of Chapter 153A.
- Development agreements. Article 18 of Chapter 153A and Article 19 of Chapter 160A.
- Referendums and special elections, such as fire tax districts, property tax levies, and sales tax levies.
- Dates of primary, general and special elections, and hours the voting places that will be open for those elections.

When publishing notices, the county or city is to do that by inserting the notice in a newspaper qualified under G.S. 1-597 in that county or city. To be qualified under G.S. 1-597, a newspaper must satisfy all of the following:

- Have a general circulation to actual paid subscribers.
- Have been admitted to the United States mails in the Periodicals class in that county or city.
- Have been regularly and continuously issued in the county at least one day in each calendar week for at least 25 of the 26 consecutive weeks. If that newspaper fails for a period not exceeding 4 weeks in any calendar year to publish one or more of its issues, that newspaper still meets the qualifications.

If there is not a newspaper meeting those qualifications, then it is sufficient to use in a newspaper published in an adjoining county or in a county within the same district court or superior court district.

BILL ANALYSIS: The bill would do all of the following:

- Amends G.S. 1-596 to provide that if a government notice is required to be published more than once, and the cost of publishing the notice must be paid by the governmental entity without recoupment from a private party, then the rate charged for the second and successive publications of the notice can be no more than 85% of the rate charged for the first publication. (See Section 1.)
- Amends G.S. 1-597 to change the requirements a newspaper must meet for a required publication, legal notice, or advertisement to have full force and effect by requiring that (1) the newspaper have content that appeals to the public generally; (2) the newspaper have more than a de minimus number of actual paid subscribers in the county or political subdivision where the publication, advertisement or notice is required to be published; (3) the newspaper's paid

Senate Bill 343

subscriber distribution is not limited geographically to one community or section or the county or political subdivision where the publication, advertisement or notice is required to be published; and (4) the newspaper is available to anyone in the county or political subdivision where the publication, advertisement or notice is required to be published who wishes to subscribe to it. (See Section 1.)

- Requires newspapers that maintain Web sites to place each legal notice on the newspaper's Web site on the same day as it appears in the newspaper, with a hyperlink on the front page of the newspaper's Web site providing access to the legal notices without charge. The Web site must provide a search function to facilitate searches of legal notices. (See Section 1.)
- Requires newspapers to provide, at no charge to anyone who requests it, notification by electronic mail the first time that each legal notice is printed in the newspaper and placed on the newspaper's Web site. (See Section 1.)
- Clarifies that an error in placing a government legal notice on the Web site of a newspaper will be deemed harmless error not affecting the validity of the notice if the governmental entity places the notice on its own Web site. (See Section 1.)
- Provides that in lieu of publishing in a newspaper, publication of any notice permitted or required by law to be published in a newspaper may instead be published on a county, city or local board of elections-maintained Web site, if that publication pertains to that county, city or local board of elections, if an ordinance allowing such publication has been adopted by the governing board.
- Sets out the fees that a county may charge to publish certain publications as well as where those collected fees must be distributed. (See Section 1.)
- Provides for a county employee's sworn written statement to be prima facie evidence that the county placed the notice, paper, document or legal advertisement on its website for the stated period of time, and deems the sworn statement a record of the court and prima facie evidence that the county made the proper publication on its website for the stated period of time when filed and certified by the clerk of superior court. (See Section 1.)
- Provides that the governing board of a county, any city located wholly or partly in that county, and the county board of elections in that county, may adopt an ordinance providing that any notice that the city or county must publish or advertise may be published by electronic means, in lieu of or in addition to the newspaper or other statutorily required publication, under the following conditions:
 - Electronic notices must be posted on the city or county website for at least one year.
 - Provides that local boards of election may adopt a policy providing that any notice that the local board is required to provide may be done by electronic means, in lieu of or in addition to the other required publication, under the same parameters as a city or county.
 - Requires the city, county, or local board of elections to print any notice published by electronic means and file it in a notice book.
 - The notice book must be separate and apart from the ordinance book or minute book of the city or county.
 - The notice book must be indexed and maintained for public inspection in the office of the clerk.

Senate Bill 343

Page 4

- Requires that cities, counties or local boards of election to mail or e-mail to those persons so requesting, a copy of the notice given. The city, county or local board of elections may require that the request be renewed annually.
- The ordinance adopted by the county or city does not supersede any State law that or local act that requires notice by mail to certain persons or posting signs on property. (See Sections 2 and 6.)
- Expands the definition of "publish" to include electronic notice if an ordinance has been adopted by the governing board. (See Sections 3, 4, and 5.)
- Makes conforming changes to the definition of "publish" in Chapter 153A, Counties; Chapter 160A, Cities; and Chapter 159, Local Government Finance Act. (See Sections 3, 4, and 5.)

EFFECTIVE DATE: The act becomes effective October 1, 2017, and applies to notices that must be published on or after that date, except that it does not apply to notices permitted to be published on a government Internet Web site in lieu of newspaper publication pursuant to an ordinance enacted before that date.

BACKGROUND: The following local governments are permitted to use electronic notice for public hearings: Cabarrus County (S.L. 2003-81), City of Raleigh and Town of Lake Waccamaw (S.L. 2003-161), Towns of Apex, Garner, and Knightdale (S.L. 2007-86), and Town of Cary (S.L. 2008-5).
