

HOUSE BILL 170: Various Satellite Annexations.

2019-2020 General Assembly

Committee: Senate Rules and Operations of the Senate	Date: June 20, 2019
Introduced by: Reps. McNeill, Hurley	Prepared by: Nicholas Giddings
Analysis of: Second Edition	Staff Attorney

OVERVIEW: *House Bill 170 would exempt Asheboro, Bunn, Franklinton, and Youngsville from the 10% area cap on voluntary satellite annexations.*

CURRENT LAW: G.S. 160A-58.1 governs voluntary municipal annexation of noncontiguous property, also known as voluntary satellite annexation.

If all property owners in a satellite area petition a municipality for voluntary annexation of the noncontiguous property, the municipality may annex the property if the following 5 requirements are met:

1. The nearest point on the proposed satellite corporate limits must be not more than 3 miles from the primary corporate limits of the annexing city.
2. No point on the proposed satellite corporate limits may be closer to the primary corporate limits of another city than to the primary corporate limits of the annexing city.
3. The area must be so situated that the annexing city will be able to provide the same services within the proposed satellite corporate limits that it provides within its primary corporate limits.
4. If the area proposed for annexation, or any portion thereof, is a subdivision as defined in G.S. 160A-376, all of the subdivision must be included.
5. *The area within the proposed satellite corporate limits, when added to the area within all other satellite corporate limits, may not exceed 10% of the area within the primary corporate limits of the annexing city.*

BILL ANALYSIS: House Bill 170 would add Asheboro, Bunn, Franklinton, and Youngsville to the group of municipalities exempted from the 10% area cap on voluntary satellite annexation.

EFFECTIVE DATE: House Bill 170 would become effective when it becomes law.

BACKGROUND: The General Assembly has exempted over 100 other municipalities from this requirement in G.S. 160A-58.1(b)(5).
