The PCS makes the provisions of Part I of S.L. 2018-105 applicable to Pitt County.

CURRENT LAW: Chapter 132 of the General Statutes governs public records and makes all documents of a public entity that are not specifically excluded a public record.

Public records are "all documents, papers, letters, maps, books, photographs, films, sound recordings, magnetic or other tapes, electronic data processing records, artifacts, or other documentary material, regardless of physical form or characteristics, made or received pursuant to law or ordinance in connection with the transaction of public business by any agency of North Carolina government or its subdivisions."

Every custodian of public records is required to allow the public record in their custody to be inspected and examined at reasonable times and under reasonable supervision, as well as furnish copies thereof upon payment of fees. No person requesting to inspect, examine, or copy public records may be required to disclose the purpose or motive of the request.

- An individual who adopted a shelter animal.
- An individual to whom a shelter animal has been placed through a foster program.

Pitt County could, in its' discretion, disclose the aforementioned personal identifying information related to the county animal services agency that is not a public record. The identity of any animal rescue organization with whom the county places an animal would remain a public record.

EFFECTIVE DATE: The act is effective when the bill becomes law.
