OVERVIEW: *House Bill 449 would authorize the Division of Motor Vehicles to produce four new special registration plates for which the organizations requesting the plates have completed the statutory plate development process.*

CURRENT LAW: North Carolina offers a number of special registration plates. Upon application and payment of the required registration fees, a person may obtain from the Division of Motor Vehicles a special registration plate for a motor vehicle registered in that person's name if the person qualifies for the plate. The issuance of most authorized plates is contingent upon the receipt by the Division of at least 300 applications for the particular plate, or 500 applications for full-color background plates.

As a general rule, the fee for a special registration plate is the regular vehicle registration fee plus a \$10 special registration plate fee. The \$10 special registration plate fee is credited to the Special Registration Plate Account. After deducting the cost of the plates from this account, \$1.3 million is appropriated to provide operating assistance for Visitor Centers. The remaining revenue in the account is transferred quarterly to the Department of Transportation for highway beautification (50%) and the Highway Fund for the Roadside Vegetation Management Program (50%). The cost of some special plates includes a fee in addition to the \$10 special registration plate fee. In those instances, the first \$10 goes to the special registration plate fund and the remainder is transferred quarterly to designated beneficiaries.

In 2014, the General Assembly enacted legislation creating a [development process for special registration plates](#), which requires the organization desiring the plate to submit the required number of paid applications to the Division before legislation is introduced to authorize the plate. Once legislation has passed, the organization must submit the final artwork and list of paid applicants to the Division within 60 days, or the authorization expires.

BILL ANALYSIS: House Bill 449 would authorize the Division to produce four new special registration plates as follows:

- ALS Research - A First in Flight plate with a picture of a baseball and the phrase "Cure ALS". The fee would be \$30, with \$20 going to The ALS Association of North Carolina Chapter to support ALS research.
- A Pet Is Family – A First in Flight plate with a picture of a paw print and the phrase "My Pet Is Family". The fee would be \$15, with \$5 going to The Sergei Foundation, Inc. to further its mission of saving companion pets' lives by coordinating care for sick and injured dogs and cats and providing families with resources to obtain life-saving veterinary care.
