

SENATE BILL 462: Modifications to NC Appraisal Board.

2019-2020 General Assembly

Committee:	Senate Finance. If favorable, re-refer to Rules and Operations of the Senate	Date:	June 27, 2019
Introduced by:	Sens. Burgin, McInnis, Wells	Prepared by:	Jeremy Ray
Analysis of:	Second Edition		Staff Attorney

OVERVIEW: Senate Bill 462 would replace education, experience, and examination requirements for registration, licensure, and certification of real estate appraisers with those required by The Appraisal Foundation Appraiser Qualifications Board.

Section 3 of the bill would allow the Board to collect fees from NC registered, and federally regulated, appraisal management companies to render them eligible to perform services in connection with federally related transactions. It would also allow the Board to collect a fee from these companies to be placed on the AMC National Registry.

BACKGROUND: In 1989, the U.S. Congress enacted the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA), which authorized The Appraisal Foundation (Foundation) as the source of appraisal standards and appraiser qualifications.¹ The Foundation's Appraiser Qualifications Board (AQB) establishes minimum education, experience, and examination requirements, for each respective registration, licensure, and certification of real estate appraisers; those qualifications are listed online in the *The Real Property Appraiser Qualification Criteria* document.²

CURRENT LAW: Under G.S. 93E-1-6, any person desiring to be registered as a trainee or to obtain licensure as a licensed real estate appraiser or certification as a licensed or certified real estate appraiser must satisfy the following qualification requirements:

- For registration as a trainee:
 - Possess a high school diploma or higher.
 - Complete a course of instruction consisting of a least 90 hours of classroom instruction.
 - Satisfy any other additional qualifications imposed by the Board by rule.
- For licensure as a licensed real estate appraiser:
 - Possess an associate's degree or higher.
 - Complete a course of instruction consisting of a least 150 hours of classroom instruction.
 - Evidence of at least 2,500 hours of experience, or the federal government minimum.
 - Satisfy any other additional qualifications imposed by the Board by rule.

Senate Bill 462

Page 2

- For certification as a certified residential real estate appraiser:
 - Possess a bachelor's degree or higher.
 - Complete a course of instruction consisting of a least 200 hours of classroom instruction.
 - Evidence of at least 2,500 hours of experience, or the minimum required by the Appraisal foundation, whichever is greater.
 - Satisfy any other additional qualifications imposed by the Board by rule.
- For certification as a certified general real estate appraiser:
 - Possess a bachelor's degree or higher.
 - Complete a course of instruction consisting of a least 300 hours of classroom instruction.
 - Evidence of at least 3,000 hours of experience, or the minimum required by the Appraisal Foundation, whichever is greater.
 - Satisfy any other additional qualifications imposed by the Board by rule.

BILL ANALYSIS:

SECTION 1. Would replace current education, experience, and examination requirements for registration, licensure, and certification of real estate appraisers with those required by the AQB. This complies with federal law (12 U.S.C. 3345) which requires state agencies administering appraiser qualifications to provide for qualification requirements that are no less stringent than those required by the AQB. Senate Bill 462 would also authorize any costs associated with examination to be paid directly to the private testing service.

SECTION 2. Would remove references to trainee registration from another state as a method of reciprocity in North Carolina and would allow reciprocity from another state when the appraiser licensing and certification of the other state is in substantial compliance with 12 U.S.C. 3331.

SECTION 3. Would permit the Board to collect from registrants any additional fees as may be required pursuant to 12 U.S.C 338 to render North Carolina registered appraisal management companies eligible to perform services in connection with federally related transactions, and collect fees from an appraisal management company that is a subsidiary wholly owned and controlled by a financial institution in order to be placed on the AMC National Registry.

SECTION 4. Provides that an appraiser who may have a conflict of interest in an appraisal cannot be required by their employing company to prepare the appraisal. An appraisal management company procuring or facilitating an appraisal in connection with a consumer credit transaction secured by the principle dwelling of a consumer, cannot have a conflict of interest in the property or transaction involving the appraisal.

SECTION 5. Exempts from registration by the Board an appraisal management company that is a subsidiary owned and controlled by a financial institution regulated by a federal financial institution regulatory agency.

SECTION 6. Section 1, Section 2, and Section 3 of this act become effective October 1, 2019, and apply to registrations, licensures, and certifications issued after that date. The remainder of this act is effective when it becomes law.
