2019-2020 General Assembly

Committee:	House Finance. If favorable, re-refer to Rules, Calendar, and Operations of the House	Date:	July 24, 2019
Introduced by:	Sen. Gunn	Prepared by:	Greg Roney Staff Attorney
Analysis of:	Third Edition		

OVERVIEW: *Senate Bill 590 would:*

- *Modify continuing education requirements for real estate brokers.*
- *Modify real estate licensing requirements for time share salespeople.*

BILL ANALYSIS: Senate Bill 590 would make the following changes to the continuing education requirements for real estate brokers:

- Allow online real estate education classes.
- Reduce the time new licensees have to complete a post-licensing education program from 3 years to 18 months.
- Place the statutes pertaining to continuing education in one place, Article 3 of Chapter 93A, and reenact the fee schedule in Article 3. The fee amounts do not change.
- Group licensed schools and continuing education sponsors together as one term, "certified education providers."
- Substitute certification requirements in lieu of licensing requirements for certified education providers. The requirements are substantially the same except education providers will no longer submit financial data to the Real Estate Commission prior to certification.

Section 4 of the bill would allow the exemptions to licensure under 93A to apply to timeshare salespeople who are employees of the company which owns the development. This change would align the licensing requirement for timeshare salespeople to requirements for property managers and builders.

EFFECTIVE DATE: The changes to the continuing education requirements for real estate brokers becomes effective July 1, 2020. The remainder of the act is effective when it becomes law.
