# HOUSE BILL 312: Qualifications for Sheriff/Expunction.

2021-2022 General Assembly

<b>Committee:</b>	House Judiciary 2. If favorable, re-refer to Rules, Calendar, and Operations of the House	<b>Date:</b>	March 30, 2021
<b>Introduced by:</b>	Reps. McNeill, C. Smith, Greene, Miller	<b>Prepared by:</b>	Hillary Woodard
<b>Analysis of:</b>	PCS to First Edition H312-CSCH-9		Staff Attorney

### OVERVIEW: House Bill 312 would do the following:

- Clarify that an individual who has been convicted of a felony, regardless of any expunctions or restoration of rights of citizenship, is ineligible for the office of sheriff, in accordance with Article VII, Section 2 of the North Carolina Constitution.
- Require a candidate or appointee for the office of sheriff to file a disclosure statement prepared by the North Carolina Sheriff's Education and Training Standards Commission verifying that the candidate or appointee has no prior felony convictions or expungements of felony convictions.

[As introduced, this bill was identical to S306, as introduced by Sen. Britt, which is currently in Senate Rules and Operations of the Senate.]

**CURRENT LAW:** The sheriff is a constitutional officer established in Article VII, Section 2 of the North Carolina Constitution. Sheriffs are elected in partisan elections in even-numbered years to serve a four-year term.

In 2010, an amendment to Article VII, Section 2 of the North Carolina Constitution was approved by voters. That amendment provides "No person is eligible to serve as Sheriff if that person has been convicted of a felony against this State, the United States, or another state, whether or not that person has been restored to the rights of citizenship in the manner prescribed by law."

When a candidate to the office of sheriff files a notice of candidacy with the State Board of Elections, the candidate must file a statement on that notice of candidacy indicating whether the candidate has ever been convicted of a felony. The felony conviction need not be disclosed if the conviction was dismissed as a result of reversal on appeal or resulted in a pardon of innocence or expungement. If the candidate does not complete this statement, the candidate's filing for office is not complete. G.S. 163A-972.

Since 2011, in North Carolina, some felony convictions may be expunged. If granted an expungement, that person cannot be held guilty of perjury or otherwise giving a false statement because that person failed to disclose the arrest, indictment, information, trial, or conviction of that expunged felony.

**BILL ANALYSIS:** House Bill 312 would provide that an individual whose rights of citizenship have been restored, or has been granted an expunction, following a felony conviction would not be eligible for the office of sheriff, consistent with the 2010 NC Constitutional amendment. An individual who has received an unconditional pardon of innocence would be excluded from this disqualification.

Page 2

Any individual filing a notice of candidacy, or any appointee selected to fill a vacancy, to the office of sheriff would be required to provide a valid disclosure statement prepared by the North Carolina Sheriffs' Education and Training Statements Commission (Commission) verifying that the individual has no prior felony convictions or expungements of felony convictions. Candidates seeking office would be required to file this disclosure statement at the time of filing a notice of candidacy for office. If the candidate does not complete this statement, the candidate's filing for office would not be complete.

The Commission would be required to prepare these disclosure statements for candidates and selected appointees. The following requirements would apply:

- Candidates or selected appointees would be required to provide information required by the Commission for the completion of the disclosure statement, including any evidence that the individual has been granted an unconditional pardon of innocence for a felony.
- The Commission would conduct a criminal history record check of state and national databases, request confirmation from the Administrative Office of the Courts on any expunctions of felony records, and determine if the individual has ever been convicted of a felony.
- The disclosure statement would include the name of the individual, the date the disclosure statement was prepared, the county of residence of the individual, and a statement that the individual has no prior felony convictions or expungements for felony convictions, if found to be true.
- The request for a disclosure statement, any supporting documents, and the disclosure statement prepared by the Commission would be confidential and not public records.
- Prepared disclosure statements would be valid for 90 days after issuance.

The bill would also do the following:

- Allow the Administrative Office of the Courts to disclose to the Commission any expunged criminal records, upon request by the Commission, for the purpose of preparing a disclosure statement.
- Allow the Department of Public Safety to provide to the Commission a criminal history of the individual, upon submission of a request, fingerprints of the individual, and a form signed by the individual consenting to the criminal record check and use of fingerprints and other identifying information.
- Amend expunction statutes to require an individual requesting a disclosure statement to disclose any felony convictions to the Commission, including any felony convictions that were expunged.
- Require boards of county commissioners to not make any appointment to fill a vacancy in the office of sheriff without first being presented a valid disclosure statement of no felony convictions or expungements with respect to the individual being appointed.

**EFFECTIVE DATE:** This act is effective when it becomes law and applies to elections and appointments to the office of sheriff on or after that date.
