

2021-2022 General Assembly

HOUSE BILL 366: Regulatory Reform Act of 2021, Sec. 12A: Waiver of Post-Construction Conference for Certain Engineered Wastewater Systems

Committee:		Date:	February 23, 2022
Introduced by:		Prepared by:	Kyle Evans Staff Attorney
Analysis of:	Sec. 12A of S.L. 2021-117		

OVERVIEW: *Section 12A of S.L. 2021-117 allows for a waiver of the post-construction conference for certain types of wastewater systems, listed in the section, upon written request of the engineer and written approval of the owner of the wastewater system.*

This section became effective August 23, 2021.

CURRENT LAW/BILL ANALYSIS:

Prior to the enactment of S.L. 2021-117 and as a part of the engineer option permit process for the installation of engineered wastewater systems, the professional engineer designing the system was required to conduct a post-construction conference with the owner of the wastewater system, the licensed soil scientist or licensed geologist who performed the soil evaluations, the on-site wastewater system contractor who installed the system, the certified wastewater system operator, if any, and representatives from the local health department or Department of Health and Human Services, as applicable.

Section 12A of S.L. 2021-117 allows for a waiver of the post-construction conference for certain types of wastewater systems, listed in the section, upon written request of the engineer and written approval of the owner of the wastewater system.

EFFECTIVE DATE: This section became effective August 23, 2021.
