

# HOUSE BILL 89: September as Childhood Cancer Awareness Month.

2021-2022 General Assembly

<b>Committee:</b>	House Rules, Calendar, and Operations of the House	<b>Date:</b>	March 8, 2021
<b>Introduced by:</b>	Reps. Sasser, Moss, Willis, Penny	<b>Prepared by:</b>	Theresa Matula
<b>Analysis of:</b>	First Edition		Legislative Analyst

**OVERVIEW:** House Bill 89 would designate the month of September as Childhood Cancer Awareness month in North Carolina.

*The bill would become effective when it becomes law.*

[As introduced, this bill was identical to S80, as introduced by Sen. Ford, which is currently in Senate Rules and Operations of the Senate.]

**CURRENT LAW:** Chapter 103 of the NC General Statutes designates holidays and other special days. Public holidays in North Carolina are designated in G.S. 103-4. The days, weeks, and months below have been designated for special recognition.

Days

- G.S. 103-7 designates the first Sunday in August each year as American Family Day.
- G.S. 103-9 designates the ninth of April each year as Prisoner of War Recognition Day.
- G.S. 103-10 designates the seventh of December each year as Pearl Harbor Remembrance Day.
- G.S. 103-13 designates the twenty-second of July of each year as Fragile X Awareness Day.
- G.S. 103-14 designates the second Monday in April of each year as Lineman Appreciation Day.
- G.S. 103-15 designates June 27 each year as Posttraumatic Stress Injury Awareness Day.

Weeks

- G.S. 103-6 designates the week in March of each year containing March 15 as Arbor Week.
- G.S. 103-8 designates the last full week in September as Indian Solidarity Week.

Months

- G.S. 103-11 designates October as Disability History and Awareness Month.
- G.S. 103-12 designates April as Organ Donation Awareness/Donate Life Month.

**BILL ANALYSIS:** House Bill 89 would amend the Chapter that designates holidays and other special days in North Carolina to add a new statute (G.S. 103-16) declaring the month of September as Childhood Cancer Awareness Month.

**EFFECTIVE DATE:** This bill would become effective when it becomes law

**BACKGROUND:** [Cancer.gov](http://Cancer.gov) provides information on childhood cancers in the United States. According to the website, cancer is a leading cause of death from disease among children and the most common types of cancers are leukemias, brain and other nervous system tumors, and lymphomas. The National Cancer Institute's [Cancer Stat Facts](#) provides more information.
