**Committee:**  
**Introduced by:**  
**Analysis of:** Sec. 26 of S.L. 2024-45

**Date:** August 15, 2024  
**Prepared by:** Kyle Evans  
Staff Attorney

**OVERVIEW:** *Section 26 of S.L. 2024-45 restores previously enacted language prohibiting counties from requiring the forced connection to county sewer in certain circumstances that was inadvertently deleted in the Regulatory Reform Act of 2023.*

*This section became effective July 9, 2024.*

## **BILL ANALYSIS:**

Section 10 of [S.L. 2023-90](#), effective July 10, 2023, and Section 12 of [S.L. 2023-108](#), effective August 16, 2023, both enacted provisions prohibiting the forced connection of sewer in certain circumstances by cities and counties. The language in S.L. 2023-108 concerning the city prohibition, however, was an outdated version of the language. Section 50 of [S.L. 2023-137](#), effective October 10, 2023, deleted the outdated language in S.L. 2023-108, but also inadvertently deleted the correct language concerning the county prohibition.

Section 26 of S.L. 2024-45 restores the inadvertently deleted language prohibiting counties from requiring the forced connection to county sewer in certain circumstances.

This section became effective July 9, 2024.
