Division Staff

Subpart II-F of S.L. 2025-26 (House Bill 1012) requires the Department of Information Technology to issue a request for proposals for the development and creation of a disaster relief portal to operate as a central platform for relevant updates and constituent services in response to natural disasters in the State. The portal must consolidate relevant State and federal resources into a single, centralized portal where affected citizens can engage with State agencies, find resources, and receive real-time information.

This subpart became effective June 27, 2025.
