

HOUSE BILL 67: Healthcare Workforce Reforms, Part III: Master's Level Psychologist Reforms

2025-2026 General Assembly

Analysis of: S.L. 2025-37, Part III

Date: September 2, 2025
Prepared by: Legislative Analysis
Division Staff

Part III of S.L. 2025-37 (House Bill 67) allows certain licensed psychological associates to practice without supervision by a licensed psychologist or licensed psychological associate and addresses the practice of neuropsychology and forensic psychology by licensed psychological associates. It also allows certain licensed psychological associates to provide health services without supervision, or to qualify for certification as a health services provider psychological associate. It changes the process for appointing psychologist members to the North Carolina Psychology Board by creating a nominating committee to present three individuals to the Governor for approval.

This Part became effective October 1, 2025.
