Part VII of S.L. 2025-72 (Senate Bill 118) authorizes a sheriff to send the holder of a concealed handgun permit the statutorily required notice regarding the expiration of a permit holder's concealed handgun permit via electronic mail, rather than first class mail, if the permit holder consents to receive electronic communications. The permit holder may consent to receive electronic communications on the permit application. The State Bureau of Investigation is required to create a separate paper form that a permit holder may submit to the sheriff to provide or revoke their consent to receive electronic communications.

This Part became effective October 1, 2025.
