MEMORANDUM

To: House Judiciary 1
From: General Statutes Commission
Re: HB 68 (GSC Licensing Boards and Comm'ns/Rule Crimes)
Date: March 11, 2021

General Comments

This bill eliminates provisions that broadly criminalize violations of rules of certain licensing boards and commissions and makes technical and conforming amendments in the surrounding language. The General Statutes Commission recommended this bill in its report on its study of crimes defined by rule or ordinance. In Section 6 of S.L. 2019-198, as amended by Section 4.35(a) of S.L. 2020-3, the General Assembly directed the Commission to conduct this study and make recommendations regarding whether any crimes defined by rule or ordinance should instead be defined by statute. The Commission believes that enacting this bill would be a first step to reducing the number of crimes defined by rule. The Commission's study report is available on its website: <https://www.ncleg.gov/Documents/227>.

The Commission circulated a draft to all licensing boards and commissions affected by this bill; none of the boards and commissions have objected to any part of this bill. The Commission also published drafts of this bill on its website.
